A letter to the Lord Mayor (Oberbürgermeister)

Dear Lord Mayor,

I am writing to say thank you for your help.

I had an accident in Hoole Road on my way to school last year, too. A car crashed into my bike. The driver didn't stop.

I had a broken arm and I was on the pavement with my bike next to me when a second car crashed into my bike. I was very, very frightened! Some people saw the accident and called an ambulance and the police. The driver of the second car stopped, got out¹ of his car and said to me, 'I'm very sorry, but I couldn't² stop!' The police officer wrote down the man's name, and the paramedics³ took me to the ambulance. I had to stay in hospital for a week and I couldn't write for six weeks. That was good because I didn't have to do my homework, but I never want to have an accident again.

I hope⁴ the work on a cycle track in Hoole Road can start soon.

Yours sincerely,
Emma Webb
